Boise, Idaho 83704**

To whom it may concern:

I am happy to write this letter of recommendation to any prospective client of McKenzie Landscaping. In early 2010, we were in the process of accepting bids for our Condominium Homeowners Association looking for a company that had knowledge of mature trees and landscaping. It was the review of Seth and his staff's proposal and presentation that ultimately led us to our decision.

We hired McKenzie Landscaping to maintain all of our landscaping, ponds and fountains and irrigation system. I have known Seth and his staff for a limited time, but I can confidently state that he and his company are committed to customer service. In addition to the quality work they perform, Seth and his staff have always been responsive to our requests and to any concerns we may have had. I have worked with many contractors in my personal and professional life and McKenzie Landscaping ranks at the top of my list of good experiences I have had.

When I became the landscape coordinator for the association, it was an overgrown and neglected piece of land. I was quite skeptical as far as how the end product would appear and had no vision whatsoever. The McKenzie Landscaping crew came in and transformed our jungle into a gorgeous, perfectly manicured piece of property.

We appreciated Seth's honesty, thoughtfulness and hard work throughout the entire project. He has an incredible designer eye on plant selection and placement. His expertise on the various trees, shrubs and flowers is very impressive. Seth really knows his stuff!!! We felt very comfortable with his approach to the project and knew that we were in good hands. This job was an incredible undertaking, and we were really under the gun to make the grounds look good but stay within our small budget.

We were extremely impressed with how courteous and efficient the McKenzie staff was in completing this season. It was truly a pleasure to work with them and with Seth.

We continue to reap the benefits of McKenzie Landscaping weekly with the staff maintaining the grounds of our property. Each crewmember does a tremendous job and takes great pride in their work.

Sincerely,

Juanita Minard
Landscape Coordinator
