Re: McKenzie Landscaping

To Whom It May Concern:

The purpose of this letter is to inform you that I am very pleased with the work that McKenzie Landscaping has done on our property. Seth McKenzie and his team have demonstrated to me on numerous occasions to be knowledgeable, skilled, prompt and professional.

At Rembrandt Park, our landscaping is our most unique feature. We house a plethora of plant life on site, which has proven to be quite an undertaking for any landscaping company. I have been the Property Manager here for over 8 years, and each year we have struggled with issues pertaining to our extensive landscaping needs.

This year has been the exception. Seth and his crew ensure that our needs are met. Seth is always responsive when I have a concern, and I routinely witness him on-site as well. He seems to genuinely care about his work, his clients and the ending result-a rarity in this industry. Having an arborist on hand has definitely been beneficial to our property. He has catered to the specific requirements of each plant, and I have never seen our vegetation healthier.

McKenzie Landscaping will offer you knowledge of the landscaping industry, fantastic customer service, and vendor that you can rely on to ensure that your property looks its very best. I believe that Seth and his team would make a great addition to your vendor list. I strongly encourage you to consider utilizing McKenzie Landscaping for your own landscaping needs.

Best regards,

Gisela K. Dopf, ARM
